The ultimate status visibility accessory

Experience seamless integration with the MobeX Busylight, an essential accessory syncing effortlessly with your MobeX account to provide comprehensive visibility of your availability across your team. Guarantee uninterrupted workflow with a 100% reliable call alert solution and status indicator for all employees.

Simply connect the Busylight to your PC or laptop via the USB cord, and customise your light alerts with a diverse range of LED colour display options. Witness real-time presence status updates reactive to your MobeX account, ensuring your availability is communicated effectively.

Prevent office interruptions

Enhance productivity and minimise disruptions in the workplace with the MobeX Busylight, offering a subtle yet powerful visual indicator of your availability. By reducing interruptions caused by office noise and frequent conversations, employees can discreetly signal their need for focus, enabling them to work confidently without disruptions.

Never miss a MobeX call again

Many computers don't have built-in speakers, so if users aren't wearing headphones, they won't hear the ringing. The MobeX Busylight eliminates missed calls with visual light indicators and audio ringtones from the speaker built into the device.

Kill the ringtones

To avoid noisy ringtones in open-plan offices and determine calls from a distance, mute the ringtone and use silent flashes for incoming calls.

75%
of employees become more productive

Bring presence to the office

Tailor your office environment with LED indicators reflecting employees' presence status, allowing users to set customisable rules. From muting ringtones to setting distinctive LED colours for different statuses, the MobeX Busylight provides a versatile solution for maintaining productivity and minimising disturbances. Assign red for DND, yellow for Busy, and green for Available.
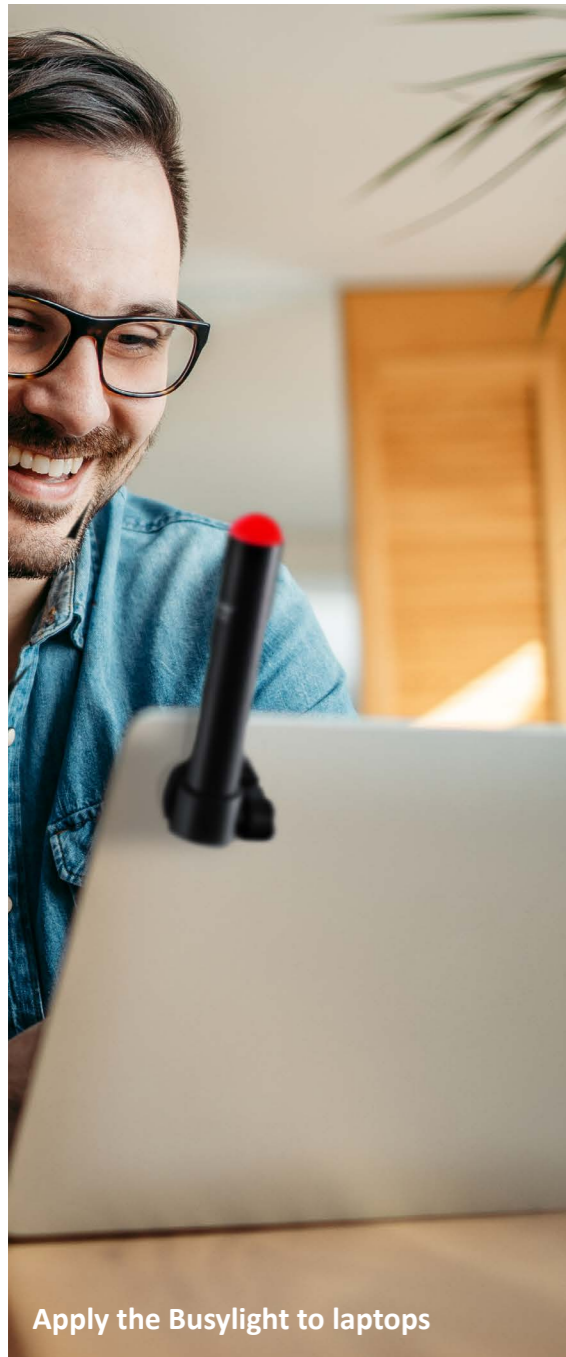

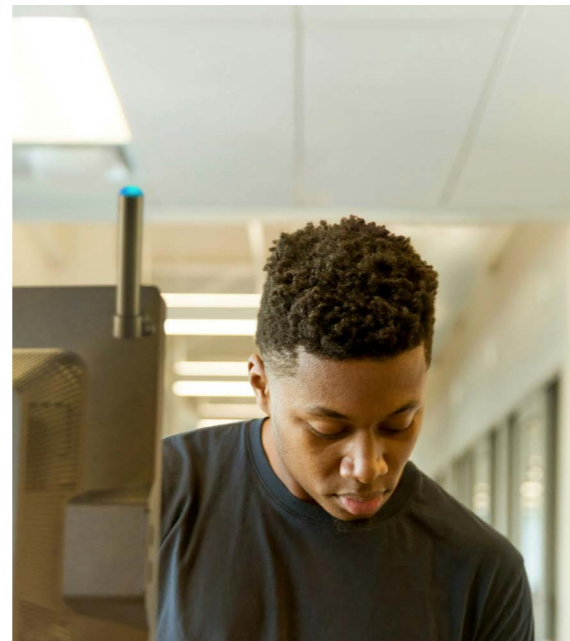

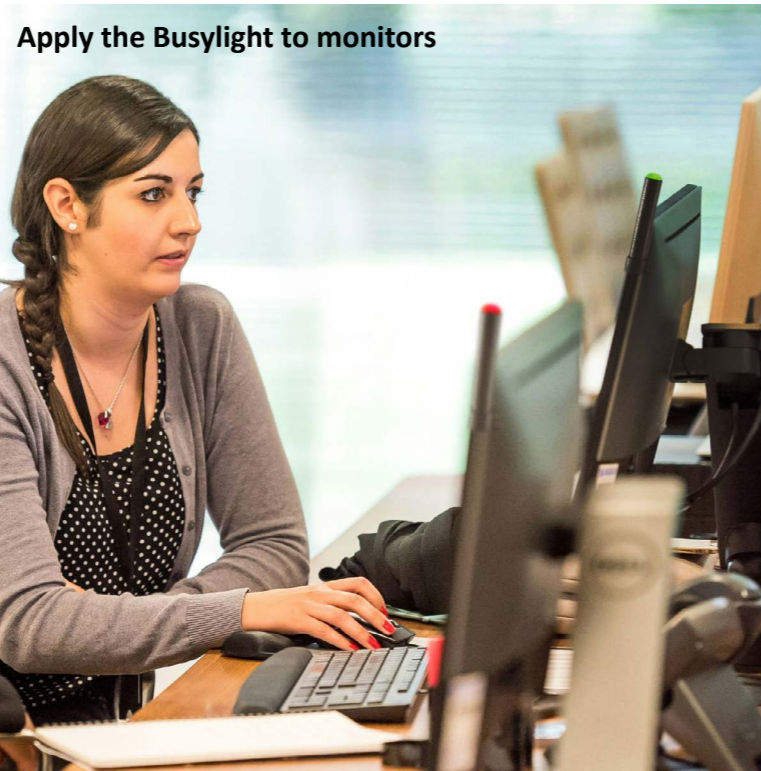

Versatility in the workplace

The MobeX Busylight is a versatile tool that can be used in various office settings. It offers multiple LED colour options, including blue, red, yellow, purple, and white. The light has various mounting solutions, including magnetic options, making it easy to place it where it's most effective. This ensures streamlined communication and effective visibility in any workspace.

Increase office productivity by eliminating interruptions
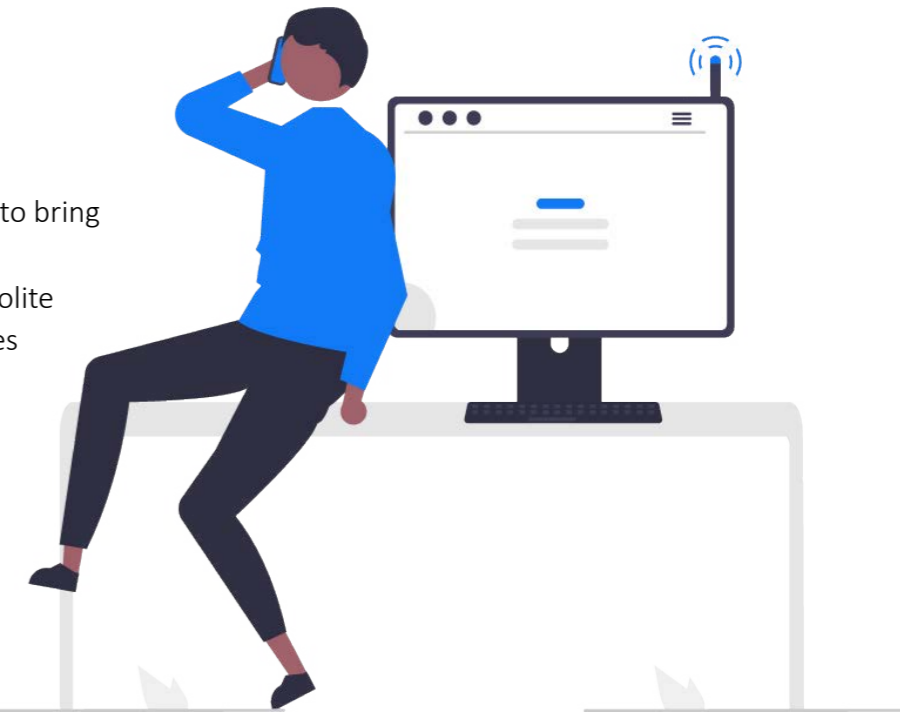

MobeX Busylight Specs

EAN 5707064153066
Round- 4 3/8 x 1/2 in | 10 .5 x 1.6 cm
